

In the mid-1970s, Rob Sherwood, NC0B, founded Sherwood Engineering, in Colorado, to build Drake receiver upgrades and to test the performance of Drake receivers. Sherwood Engineering as expanded their focus on other amateur radio receivers and transceivers.

Rob's list has become the gold standard by which many amateurs, including contest operators, choose their next rig. Rob has been licensed since 1961.

Rob will be presenting Transceiver Performance for the HF - DX Operator on October 16, 2020 at 7PM Central to the Northwest Amateur Radio Society monthly meeting via Zoom.
