- login: 2815436502 PC: 123456

NARS News is published monthly by the Northwest Amateur Radio Society (NARS). Northwest Amateur Radio Society is a Special Services Club affiliated with the American Radio Relay League, ARRL Club No. 2120. Please send all submissions to the newsletter editor before the end of the month prior to publication.

Meeting Location—When social gatherings are allowed.

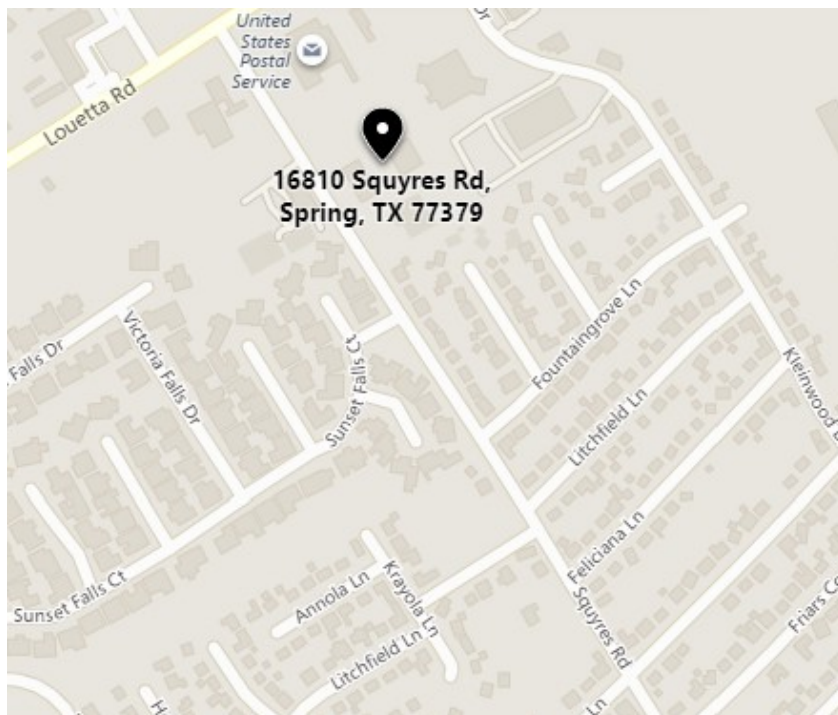

We will meet at Klein Fire Department Administration, 16810 Squyres Rd., Klein, TX 77379. It is located behind Klein Fire Station 4.

Picture from <http://kleinfiredept.com/services/stations/headquarters>

The Board wishes to thank the Klein Fire Department for the generous offer allowing NARS use of their facility.

LOCATION MAP — 16810 Squyres Rd.

Opportunities to Serve

MARCH GATHERING

Our March gathering will be held on ZOOM and in-person at the Klein Fire Department Admin Building Friday March 19th at 7:30 PM.

ZOOM

login: 2815436502

PC: 123456

John Portune, W6NBC, will present a "Compact 40 M Vertical".

FEBRUARY MEETING RECAP

DMR Training

If you are interested in obtaining a copy of the Video of each Session please bring a USB stick (estimate 3GB per session) and we can make a copy available to you to download on your USB stick with a NARS donation of \$6.00 per session. You can sign up at the meeting. Many have requested this as a helpful tool to refer back to when programming radio's and other general information related to DMR. This video is NOT planned for wide public publication so take advantage of this opportunity.

We had a presentation on Antenna Building by Tim from DX Engineering

VE Session Congratulations

Special points of interest:

- The date for the next VE is set for Saturday, March 27th at the Klein Fire Department Admin Building.
- Gates will open at 8:30 A.M.
- Testing will be from 9:00 A.M. until 12:00 P.M.
- The gates will be closed and locked at 12:30 P.M.

VE session guidelines

- If you have a temperature or feel ill, please do not ask to be tested.
- Tables and chairs have been arranged to meet social distancing requirements. Do not move them.
- Please bring a mask and plan on wearing it while in the building.
- If you know you will be attending, please send an email to rom1@att.net or vec@w5nc.net.
- We are allowed a maximum of 28 people in the building at one time. This number includes all applicants plus the VEs.
- NO Walk-in for this session. Please email vec@w5nc.net to be placed on the list for testing.
- Please park in the designated spaces and wait for instructions.

Houston Transtar Building
Conference Center West Entrance
6922 Katy Road
Houston, TX 77024

NARS has a social media presence

NARS has a social media presence! Thanks to Sam Labarbera, N6HB, we have a Facebook page for those who would like to follow us there. Visit the [W5NC Facebook](#) page and join! It is open to ham radio operators, so there is a short quiz to qualify new members.

We also have a Twitter feed. Follow us on https://twitter.com/nars_w5nc.

Houston, TX 77005

Medical Center area Wednesday lunch

Speaker for the March 19th club meeting

John Portune will be our speaker. John most recently was a speaker at the QSO virtual conference this past week-end speaking on the inverted crossed delta loop. John has many projects posted in QST, His site W6NBC.com has many antenna projects that are simple and easy to construct. As you might guess with a call like W6NBC he is a retired broadcast engineer with many years of service at the Burbank production facility and local channel four.

John will speak to us about a 40-meter vertical that does not require radials and is a bit stealthy.

<https://w6nbc.com/PPT/Satellite3.mp4> is a power point presentation on a 40-meter antenna that will fit in almost any attic. Even if you don't need to hide in the attic the coil construction techniques will work for many projects. If you are interested I suggest you check out W6NBC.com for lots of projects
